**PPP experience on the 5 continents**

## INFRASTRUCTURE NEEDS

- (Transport, energy, water, health...)
- World : 1000 billion €
- Central/Eastern Europe : 200 billion €
- High Public Debts >>> Private money necessary >>> PPPs  
(decision maker : public authority)

## PPPs

- More than Public Procurement
- Long terme Contract (30 years)
- Risk sharing
- Appropriate legal framework needed (national?)

## PPPs

- Preferred bidder
- Financial engineering
- Dedicated innovation
- Sustainable development
- Tailormade solutions

## PPPs Examples

- CROATIA Highway
- SOUTH AFRICA Railway Jo'burg-Pretoria
- UK Home Office London
- USA Tunnel Miami
- FRANCE Stade de France - Paris
- CHINA Expo Hong Kong

## Example : Danube (In 100 years... or in 30 years ?)

- Corridor VII : 12 countries/Innovative PPPs
- Transport (waterway >>>greenhouse effects)
- Energy (renewable >>>carbon balance)
- Environment (banks, floods >>>biodiversity)
- Communication (exchanges >>>better living)
