

THE ECONOMY AS AN ENGINE FOR THE DEVELOPMENT OF THE COUNTRIES OF THE REGION OF VIENNA ECONOMIC FORUM

Frymezim Isufaj

Ministry of Economic Development of the Republic of
Kosovo

May 23, 2011
Istanbul

Regional economic cooperation

- Fundamental engine to accelerate reforms
- Increase growth opportunities
- Reducing investment costs
- Preparations for integration into European structures

Economic development

Development goals

- Increase competitiveness
- Private sector empowerment
- Employment generation
- Improve Kosovo's investment reputation
- Safe and stable business environment

Economic development

Main objectives

- Economic growth rate of 7-8% per annum
- Reduce the number of the registered unemployed by 8-10 %
- Privatization of public assets
- Reduce barriers to doing business
- Revitalize agriculture
- Develop infrastructure through PPP and private capital
- Favorable fiscal policies
- Transition from informal to formal economy
- Develop financial markets
- Maintain macro-fiscal stability

Restructuring of the economy

Objective

- Modernize and expand Kosovo's key infrastructure to meet demand and improve competitiveness

Challenge

- Insufficient budgetary means to support all the needs

Strategy

- Engage the private sector in infrastructure and service delivery, utilize the entire spectrum of options
