

Panel Discussion II

Imaging the Future is our Responsibility:
Information Technology Age. Energy Efficiency.

Some Time ago, People just used a Lighter ...

... things are different nowadays

1990s

2014

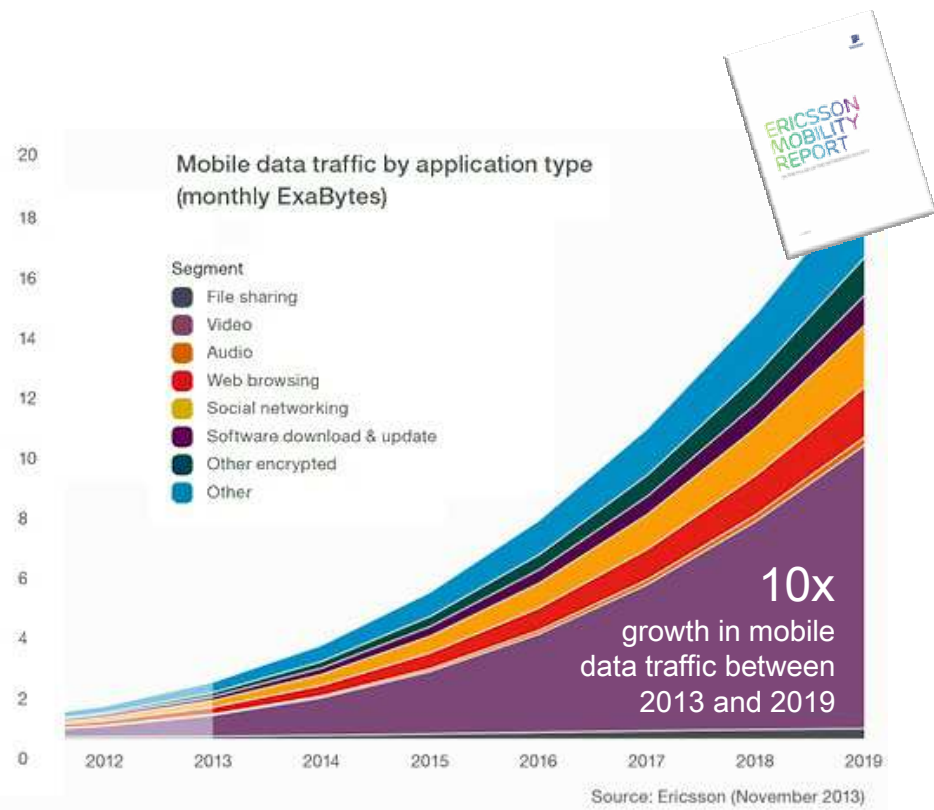

We live in a fast changing World!

We live in the fast changing World of Data

TA Group Mobile Traffic Volumes 02/14:

	02/14	02/13
AT	2.091 TB	+28 %
BG	275 TB	+43 %
HR	566 TB	+30 %
BEL	547 TB	+59 %
SI	193 TB	+39 %
SRB	426 TB	+11 %
MK	46 TB	+135 %
TAG	4.144 TB	+49 %

So which Trends will shape our World?

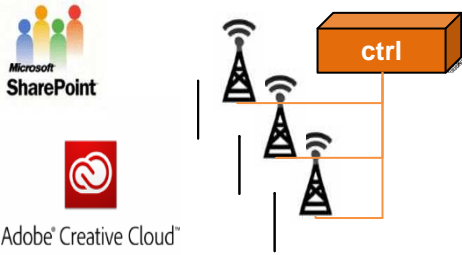

Technology Trends shaping the Landscape

Faster & Seamless Access

Icons representing faster and seamless access: a wireless tower, a satellite dish, a Wi-Fi router, and a speedometer.

Cloud Services

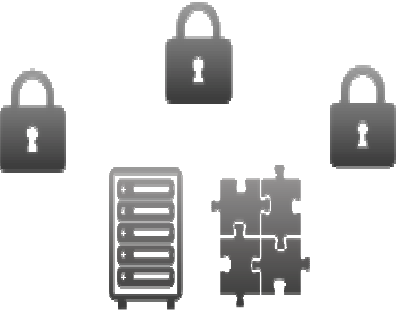

Icons representing cloud services: Microsoft SharePoint logo, Adobe Creative Cloud logo, a control box labeled "ctrl", and a network diagram with towers and lines.

IT Transformation

Icons representing IT transformation: a button labeled "change", a server rack with gears, and a clipboard with a bar chart.

Multi-Layer Security

Icons representing multi-layer security: three padlocks, a server rack, and puzzle pieces.

Network Intelligence

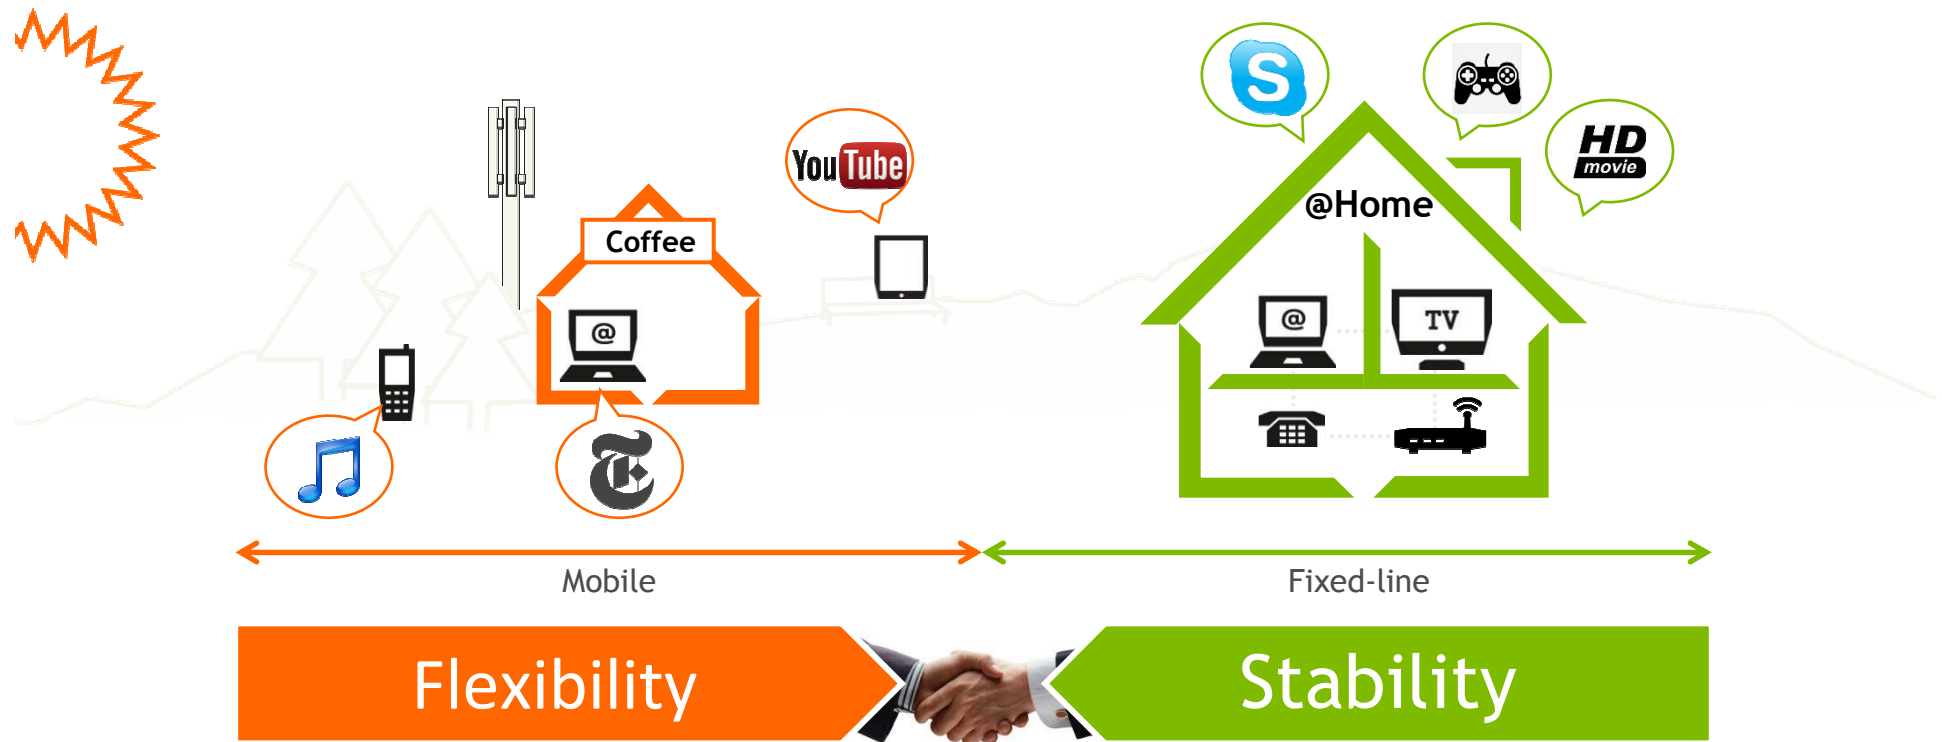

A word cloud centered around "BIG DATA" and "ANALYTICS", with other terms like "STORAGE", "TECHNOLOGIES", "INTERNET", and "COMPLEX DATABASES".

Internet of Things / M2M

Icons representing Internet of Things / M2M: a smartphone with signal waves, a laptop with a heartbeat line, a server rack, a truck, and a camera.

... Infrastructure is Part of the Answer

Thank you!
